Tandex Chemicals  
5 Kearney Street  
BAYSWATER. 3153.

22 MAY 1987

As you are aware our annual boiler inspection was conducted on Sunday, May 10th, 1987. The boiler was found by the government inspector to be free of any corrosion or scale, which he indicated was a direct result of correct feed water treatment.

We wish to express our appreciation of your company's products and the professional service that you give.

We have now been using Tandex water treatment for three years and as a result we look forward to many more years of trouble free operation from our boiler.

Yours faithfully,

P.W. Dean  
GENERAL MANAGER.
